They Are Not Rape Gangs But Something Much Worse

But white liberals and Zionists are even more worse.

PAUL CRAIG ROBERTS • JULY 25, 2026 • 1,000 WORDS

Jordan Peterson reminds us of the euphemisms such as “grooming” that white liberals use to avoid reality. What is really going on is black *domination* over white people *via sexual conquest* in order to prove the cultural depravity of the white society that that is too indoctrinated against itself to be able to protect its women and children.

Speaking of the 250,000 raped ethnic British girls covered up for 30 years by white governments paralyzed from acting by belief in their white racism, Peterson points out that the rapes were not for sexual pleasure of the rapists, but were hate crimes racially and religiously motivated to destroy British cultural norms, while white authorities anxious to protect “community relations” and fearful of being called racist for prosecuting a black refused to act.

There is no doubt whatsoever that multicultural Britain is a complete and total failure. The refusal of white authorities to uphold cultural norms has already doomed the British to extermination. Whether the British extermination will be physical as well as cultural remains to be seen.

The situation for Swedish and Norwegian women is similar to that of British girls. But Denmark seems to have had enough: <https://hannenabintuherland.com/currentaffairs/denmarks-anti-multiculturalist-approach-radically-tightened-immigration-policies-should-inspire-europe/>

In the US the decades of white liberals using “education” and entertainment to teach blacks to hate white racists has made raping a white woman a prerequisite for induction into a black gang. It has become so common that it is now a staple in literature. For example, John Grisham in his novel *The Guardians* has a character in his novel, a public defender, collapse into a nervous breakdown when assigned to defend aspiring teenage black gang members who forced a white blond teenager’s boyfriend to watch their multiple rape of his girlfriend before murdering her and then mutilating and killing him. Just how do you defend vicious 15 year old blacks like these products of white liberal “education”?

In America white women have to suffer sexual harassment by blacks or be arrested and dragged into court where they usually face a Democrat appointed prosecutor and judge, both of whom are dead opposed to her. This was the recent fate of white blond American mother Shiloh Hendrix. A Somali kid helped himself to her belongings while she attended to her child on a playground in yes, you guessed it, the most sickest liberal state in liberal America—Minnesota, a shithole state supreme. She caught him at it and called him a “bad word.” Instantly a male Pakistani man, stuck a camera in her face and began demanding an explanation for telling off the Somali child. She refused his attempt at intimidation, told him off also and flipped him the finger. This is what we would expect and hope for.

But this was Minnesota, the most white-hating place in America, and the Pakistani, the same person charged with raping a white teenage girl — <https://archive.is/LvTQB> ran to the corrupt Minnesota anti-white police with his film. Just imagine the horrible racist crime of a blond American white supremacist female racist bitch giving the finger to an oppressed black immigrant-invader!

This is America today for white American ethnics:

Shiloh Hendrix was given by a totally dumbshit Minneapolis jury one year of probation, a \$1,000 fine, 200 hours of community service, and a stayed 90-day jail term for offending a black immigrant-invader who has fled to Pakistan.

Given her white guilt, what Shiloh was required by the unofficial law that white liberal scum have substituted for criminal law, is to have given the Somali kid her possessions at the playground along with all money in her purse as reparations for her white racism. She should have apologized to the harassing Pakistani man for upsetting him and perhaps offered him sexual favors as restitution.

Be sure to watch the video of her lawyer's reaction to the jury and judge's decisions.

Shiloh Hendrix was sentenced by a jury in Minnesota for using her constitutional right of free speech, and she was punished by a Minnesota jury. Any white person so completely stupid as to live in Minnesota had better get out.

Indeed, if there is anywhere to go, *white people should get out of America*. They are as doomed in America as in Britain, Sweden, Norway, France, everywhere in the white world. White people have been too indoctrinated by white liberals against themselves to be able to survive. White liberals have destroyed the belief systems of white ethnicities, turned them into defeated people who attack themselves and never their actual enemies.

In the passage below Taylor Caldwell's 1965 historical novel, *A Pillar of Iron*, attributes the words below to Cicero. It is uncertain that Cicero stated precisely these words, but they do represent his beliefs.

"A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and carries his banner openly. But the traitor moves amongst those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself. For the traitor appears not a traitor; he speaks in accents familiar to his victims, and he wears their face and their arguments, he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation, he works secretly and unknown in the night to undermine the pillars of the city, he infects the body politic so that it can no longer resist. A murderer is less to fear. The traitor is the plague."

In America *the enemy within* is the white liberals and the Zionists.

The white liberals and the Zionists have taken our country away from us and given it to immigrant-invaders, Israel, and sexual perverts.
